The first appointment is an Akashic Inquiry and the second appointment is an Akashic Integration Session.

After your Akashic Inquiry Session, I listen to the recording of your session, make copious notes and share the notes with you.

For the Akashic Integration, we meet another day, on zoom.

Akashic Integration is a time of presence, inquiry and expansion with the information and guidance from your Akashic Healing.

The Akashic Inquiry Session gives you the experience of listening, sensing and receiving the information that comes through. The notes from your session give you the experience of seeing and reading the information.. The Akashic Integration meeting deepens the healing through shared presence and curious exploration.
